

FISCAL NOTE

HJR 752

March 19, 2002

SUMMARY OF BILL: Directs the Tennessee Law Enforcement Advisory Council to study and evaluate all issues relevant to the electronic recording of custodial interrogations of defendants in criminal cases. Outlines issues to be included in the study. Requires the Council to report its interim findings to the House and Senate Judiciary Committees at meetings held in the Fall of 2002 and its final report by the second legislative day of the 103rd General Assembly in January 2003.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures - Not Significant

Estimate assumes the Council will experience a not significant increase in expenditures for the expenses associated with the required study but that the study can be conducted primarily within the regular business of the Council as the Council is already charged with evaluating technological advancements related to law enforcement.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

James A. Davenport, Executive Director
